*Ireland from the Loom*

KILLARNEY · IRELAND

## INSPIRED BY THE LOCATION

Mucros Weavers are located at Muckross House, which is the focal point for visitors to Killarney National Park.

The magnificent scenery and nature of Killarney National Park with its distinctive combination of mountains, lakes, woods and waterfalls under ever changing skies, provide inspiration to our Master Weaver John Cahill, who designs and weaves the products we produce. John started as an apprentice Weaver at Muckross in 1976.

## THE CRAFT

We weave scarves using only the finest quality yarns on Hattersley looms that are almost 200 years old. Because all our scarves are individually woven they have a selvedge on each side ensuring they will last and its gives each scarf its quality finish.

All of our products can be viewed and ordered online at [www.mucrosweavers.ie](http://www.mucrosweavers.ie)

## SUCCESS

From small beginnings, Mucros Weavers have grown to supply over one hundred shops worldwide, in countries such as the USA, Canada, France, Germany and Japan. Our colourful scarves, stoles, capes and rugs are made from premium yarns such as wool, mohair and alpaca.

We complement our ranges with Ladies and Gents Tweed headwear in both traditional and contemporary styles. In recent times we have introduced Ladies Capes and Gents Waistcoats in tweeds to match this headwear.

Mucros Weavers receive the International Buyers Choice Award from Simon Coveney TD, Minister for Enterprise, Trade and Employment, at Showcase Ireland 2023.
